This week you will go to the website Puzzlemaker to create a crossword puzzle http://puzzlemaker.discoveryeducation.com/ On the website these puzzles are called criss cross. You need to make a puzzle using at least 14 of your words. You will need to create clues for each word that use the word correctly and get at the meaning of the word. **After you complete your puzzle print 2 copies and a key**. Give one of the copies to a friend in your spelling group and they should give you theirs. Complete each other's puzzles. Turn in the key, original copy, and completed and corrected copy from your peer. You will be graded on spelling accuracy and that you demonstrate understanding of the words and their meaning.

*** You cannot save on the website so prepare your clues ahead of time to ensure you have time to finish the puzzle – this can be done at home if you have a printer.

Complete a blind sort with a partner. Record your words below and your partner's name.
